## European PhD Network "Insect Science" - XV Annual Meeting

Firenze, 13-15 November 2024

c/o CREA – Centro di Ricerca per la Difesa e la Certificazione, Firenze

### **SAVE THE DATE** **13 – 15 November 2024**

The 15th Annual Meeting of the European PhD Network in "Insect Science" will be held in Firenze from Wednesday, November 13 to Friday, November 15, 2024.

This meeting is a well-established tradition for doctoral and post-doctoral students in entomology and related fields. Organized by the Società Entomologica Italiana and the Accademia Nazionale Italiana di Entomologia, the event will take place at the headquarters of the Accademia Nazionale Italiana di Entomologia, located at CREA Cascine del Riccio, Firenze (IT).

The meeting will feature sessions based on the abstracts we receive, covering a broad range of themes. Presentations will be either regular (10-15 minutes, depending on the number of presenters) or short (3-5 minutes).

Based on your feedback from last year, we explored other locations in the city center, but for several reasons, we have confirmed the venue at Cascine del Riccio.

This year, the program will be organized into thematic groups rather than a mixed order of speakers.

We are confident you will appreciate this effort.

Please note that the number of participants is limited. If registrations exceed the limit, priority will be given on a first-come, first-served basis.

More details will be provided in late July.

We look forward to meeting you in Firenze.

Best regards,

The organizers

*Gianfranco Anfora, Morena Casartelli, Eric Conti, Francesca Romana Dani*
